I. How to install Template(s) on Pages® Version 1.0 & 1.1?

1. Connect your iPad to your computer and open iTunes® on your computer. After a moment, your iPad appears under Devices on the left side of the iTunes® window.
2. In iTunes®, select the name of your iPad and click “Apps”.
3. Scroll to the bottom of the Apps window and select “Pages®” (in the Apps list under File Sharing).
4. Click “Add”, and then locate the Template(s) you want to import in the “Choose a File: iTunes®” window that appears.
5. Select the Template(s), and click “Choose”. Your Template(s) is/are installed on your iPad.
6. Open Pages® on your iPad.
7. In My Documents view, tap .
8. Tap the name of the Template you want to import. The Template opens.

For additional information you can visit: <http://help.apple.com/pages/1.0/>

Note for PC users.

Once the folder, for example “Facilisi_Turpis_040T3_iPad.zip”, will be unzipped, the main files/documents you must consider, are:

- “Turpis 040T3 iPad Brochure US.template” (the template in the US format)
- “Turpis 040T3 iPad Brochure A4.template” (the template in the ISO A4 format)
- “Read me” (the instructions to install the template)
- “Lisez-moi” (the instructions in French)

Simply select the template file you want, “Turpis 040T3 iPad Brochure US.template” or/and “Turpis 040T3 iPad Brochure A4.template”, and upload it/them.
